Attention Actove Membership/Owners:

Exciting things have been happening this season at the WOC! The membership meeting currently set for August 24, 2025 at 6pm on-site at the club premises is going to communicate some operational changes, offer an opportunity to vote on several items and to allow members to discuss hopes, goals, questions and other items of importance for OUR CLUB! Per the By-laws, three of the nine trustee positions and all Officers are up for vote at the meeting.

On August 10, 2025, the current WOC Board of Directors met and unanimously voted to present by-law changes to the membership. Our bylaws are a legally binding document that should be adhered to and some of the statements in our by-laws are outdated and/or no longer realistic for the times we live in. To that end, the WOC Board of Directors is following the by-law requirement to mail every active member a copy of the proposed changes, along with a current copy of the by-laws in case you have misplaced yours. This information is also being sent by email and will be posted at the WOC.

Members will have an opportunity to vote on each section separately in order to ensure that the collective changes are not passed or defeated based on the merit of one (un)favorable change. It is the goal of the Board of Directors to ensure that we are meeting the current needs of the membership. To that end you are encouraged to call, text, email or bring to the meeting any questions, concerns, issues and complaints (but bring workable solutions also!) before or during the meeting. **THIS IS YOUR CLUB** and we need **YOU** to participate in running it. There will be challenges ahead, victories in the future and **HOPE** that the brightest days loom on the horizon.

Sincerely

The WOC Board of Directors
